

# Apache Spark Expert

City: Bratislava  
Role: Senior/Expert

Recruiter name: Linková Petra (ERNI)  
Recruiter email: [petra.linkova@erni.sk](mailto:petra.linkova@erni.sk)

## Description

ERNI is Swiss-based consulting company with more than 500 employees internationally. In Bratislava we focus mainly on software engineering, our customers come from different areas and we implement our projects using agile methodologies like Scrum. We support customers in high-tech, financial services and many other domains in improving their processes and technologies. Join our team in Bratislava and jump into a project for one of our customers, one of the leading reinsurers in the world. ERNI is supporting Zurich branch of this customer with SW development services.

## Responsibilities

- In the distributed team, you will be go-to-person for Apache Spark
- You will be part of the team developing and maintaining a financial risk modelling system for one of the most successful reinsurance company
- You will work from Bratislava with occasional business trips to Zurich once the COVID19 pandemic situation ends in Europe

## Job requirements

Must have:

- Experience building complex, highly scalable backend application
- Experience in numerical programming, simulations, and algorithms
- Experience with Apache Spark, PySpark, and SQL
- Experience with Python, especially with NumPy, Pandas & SciPy
- Fluent in spoken and written English

Nice to have:

- Knowledge of Azure or AWS cloud solutions
- Proficient understanding of GIT and DevOps standards
- Experience in asset management is an advantage
- Some experience with Databricks platform

## Benefits

Interesting projects based on the newest technologies Opportunity for self-improvement
