

# Senior Angular Developers for Greenfield Project

City: Bratislava  
Role: Professional/Senior

Recruiter name: Kučečková Petra (ERNI)  
Recruiter email:  
petra.kuceckova@betterask.erni

## Description

We are looking for experienced Angular Developers who will become a part of brand-new full-stack team. Your first team assignment will be participation in a greenfield project, that will provide users with essential HR functionalities in one software solution. This cloud web application will help HR specialists better manage HR processes and facilitate communication with other systems. Sounds interesting? So keep reading.

## Responsibilities

Are you ready to experience...?

- Architecture, design, and development as a member of self-organized agile team
- Working with Angular, HTML/CSS3/Sass and others
- Participation on process improvements and technology decisions
- Doing effective and precise code reviews
- Close cooperation with customer
- Occasional business trips (when situation allows it)
- Problem fixing, debugging, writing unit tests

## Job requirements

What we are looking for:

- Strong background in web development
- Extensive experience with Angular, HTML/CSS3/Sass, RxJS
- English on communicative level

Nice to have:

- Working experience with Java
- Knowledge of Agile Methodologies (Scrum, Kanban)
- Experience with CI/CD environments (Bamboo, Jenkins)
- Experience with Fortify, SonarQube
- German language skills

---

## Benefits

- Interesting projects based on the newest technologies
- Opportunity for self-improvement and career growth
- Internal & external software development education and trainings (certifications) covered by ERNI
- Flexible working time & overtime compensation
- 5 weeks of vacation, 3 sick days, home office
- Language courses (en, de) fully covered by ERNI
- Sport & culture personal budget (including medical care)
- Referral & relocation bonus
- Fully covered meal vouchers
- New office
- Team buildings (grill parties, Christmas dinner, Hack&Hike session, EPD - two day education & leisure event, sport events, company breakfast etc.)
- Well-established community: Developers Community Sessions, Brownback Sessions, Cinema , Gaming Club
