# QA Automation Engineer

**City**: Barcelona

**Role**: Senior

**Recruiter name**: Busetto Vicari Giovanna (ERNI)

**Recruiter email**: giovanna.busetto@betterask.erni

## Description

In regards to this project, you will join a pharmaceutical international client to help automate the testing procedures in order to optimize the architecture and accomplish the best functionality for a software which gathers data and helps diabetic patients with their treatment, improving that way their quality of life.

## Responsibilities

- Design, develop and execute automated tests for mobile (Android & iOS) and cloud applications.
- Assume responsibility for integration, system and end-to-end tests.
- Document test plans and results according to the Customer's guidelines.
- Develop and support the necessary test environments for mobile, client/server and cloud applications in accordance with the existing test infrastructure and regulatory requirements (validate test environments).
- Support other test engineers (both in manual and automated testing).
- Collaborate closely with the developers and devops engineers.

## Job requirements

Must have:

- Professional background programming and developing with Java (at least 2 years).
- Experience with test automation tools like Cucumber, Appium and Jenkins.
- Experience in testing mobile apps and web applications (3 years minimum).
- Proven programming and developing experience in Swift (iOS) and Kotlin (Android).
- English professional advanced capabilities (both spoken and written).
- Bachelor in computer science, electrical engineering or equivalent.

Nice to have:

- Proven programming and developing experience in C#.
- Knowledge of Selenium.
- Any certification in the field of software testing will be considered a plus (Such as ISTQB Certified Software Tester).

- Work experience in a regulated industry (MedTech).

## Benefits

- Permanent contract.
- Full Home Office on Covid and at least 3 days/week after.
- Home Office monthly expenses compensation + extend working set up (ergonomic chair, 2 screens…).
- Self-managed flexible working hours 40h/week +/- 10%.
- Friday intensive shift.
- Private medical insurance for you and a competitive flat rate price for your relatives.
- 100% salary coverage for sick leave.
- Free language courses: English, Spanish and German.
- Gym funding.
- Transportation bonus for non-Barcelona/Madrid city working locations.
- Re-allocation funding from 1.000€ to 2.000€ depending on the source country.
