
UX/UI Designer

City: Madrid

Recruiter name: Perarnau Jimenez Claudia
(ERNI)

Role: Professional

Recruiter email: Claudia.Perarnau@erni-
espana.es

Description

As a UI/UX Designer you will be a part of our Product team and help us improve the user experience. In this role you will have a chance to impact the end-to-end process of enhancing our platform and to give the best possible experience to our users. You will work with different teams and stakeholders to come up with intuitive user experiences and killer user interfaces in order to create a compelling visual experience for users, partners, and employees.

Responsibilities

- Create user flows and journeys, concept sketches, prototypes and wireframes.
- Define consistent UI components and interfaces based on guidelines.
- Create engaging, usable, and effective interaction and visual design solutions that work to achieve customers' goals and delight at the same time.
- Conduct guerrilla user testing and other research techniques.
- Advocate for a WOW customer experience.

Job requirements

- Agile, Scrum
- GIT
- Wireframing
- Web Design UI
- Sketch, Photoshop
- Invision
- CRO (A/B testing)
